Neck and Neck

On the average, 80,000,000 gallons of oil are being supplied each day to the consumers of the United States. That is an incredible figure, and represents an all-time high. Yet demand has kept up with production and the race is close.

The efforts of the industry to establish a comfortable margin of supply over consumption deserve national recognition. Expenditures for new construction during 1947 and 1948 will total some \$4,000,000,000. Last year 33,000 new wells were drilled, and about 37,000 will be sunk this year. And this number will be increased if sufficient tools become available.

The job of making usable oil products only begins when the crude comes out of the ground. So the industry is working overtime on building new refineries and modernizing old ones, on construction of storage plants and pipe lines, and on the expansion of its marketing facilities. This is the reason why, in spite of doleful predictions, we have not had a real oil shortage, and have been inconvenienced only by temporary and localized "dry spots."

Next winter, when the heaviest demand comes, there will be need for voluntary conservation of fuel oil users. Unexpected developments may make the supply-demand situation tighter than can be foreseen now. But the public should know that all the resources and energies of this highly competitive industry are being devoted to the enormous task of seeing that no one really suffers for lack of oil.

News Of Belle Glade Negro Schools

By Negroes—For Negroes

Belle Glade Elementary School teachers of Belle Glade Elementary School are continuing in their efforts to make this term one that is educational and productive for the students and the community as a whole. Activities of interest are still in progress. Assembly programs are held each Friday in the school's assembly hall. The Negro Community Match is accomplished in these assemblies, for by them pupils are provided with the oppor-

tunity for needed, practical training in proper speech habits, dramatization, music appreciation, stage decorum, and attentive listening. Parents and other citizens will avail themselves of the opportunity to be with us during these programs.

On last Friday, October 16, The Drama Club presented a highly skill skit entitled "Columbus and a Boy Scout". The participants merited the praise of all who attended.

The Eagles started their passing attack but it bogged down when Leathers intercepted one of their aerials on his thirty eighth.

The Rams pushed to the line and F. T. Pierce again made a goal line stand. The game ended with the ball in the possession of Ft. Pierce in their own ter-

Tonight the local Rams will meet Brewster Vocational High of Tampa on Memorial Field. The Rams are favored to win and the contest should be a good one.

Construction on the new shower room and lockers at the senior end of the football field is nearing completion and will be ready for use by the time of the next game.

A scorecard is under construction at the west end of the field. It will be available for use when they carry the pigskin up to their own forty. With less than a minute to play

it is being erected by Glades Acp. Corp.

From where I sit... by Joe Marsh

I'm Glad
We're "Different!"

There's a lot of difference in the way we live. Some say alfalfa mixed with broom grass—others say mixed with oats or barley. But all agree that a mixture's better than a single crop.

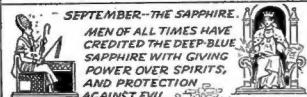

I sometimes think that people are the same way—and the strength of America is its mixture of so many different strains—some from one country, some from another—right here in the same neighborhood.

Like folks who have a taste for beer and those who prefer cider.

Joe Marsh

and Murphy's Pharmacy. Arrangements are tentative for a big clock to be placed there for the benefit of the spectators.

PROCLAMATION

WHEREAS, it is the custom on one day of each year for our citizens to join hands across the nation to render grateful tribute to our mighty NAVY, and give well deserved honor and recognition to the men and women of the men and women who compose its ranks; and

WHEREAS, it is fitting that our citizens be informed and aware of the current aims and activities of our sea-ale Navy, Victor in War and Guardian in Peace;

WHEREFORE, I, Justice Morris, Mayor of the City of Belle Glade, in Palm Beach County, State of Florida, hereby proclaim Wednesday, October Twenty-Seventh, Nineteen Hundred Forty-Eight, NAVY DAY and call upon all citizens of the City of Belle Glade to display the national colors and take part in appropriate observance of this day through the many channels open to them.

In addition to Senator Malone, there was Mr. Carter Page of the Corps of Engineers, and E. B. Bassett, Commissioner of the State Public Works Committee, and Mr. R. F. McConnell, Clerk to the House Committee. These are the technical advisors to the committees to formulate policies and decide on details.

Due to the time consumed in seeing the flooded and some diked and improved roads and paths that run through the Lakes, the party did not get to the Glades by auto until after dark Saturday, but the three gentlemen above agreed to return to the Glades Sunday to inspect some of the crops and take a

look at the Islands.

"Certainly, we have seen enough to continue to go on the need for flood control, and I believe we've seen enough to prove that it will be economically justified," said one member of the visiting party.

"Certainly, we have seen enough to continue to go on the need for flood control, and I believe we've seen enough to prove that it will be economically justified," said one member of the visiting party.

Camp Osceola Gets Good Call, Osceola's Low

Emmett Roberts, manager of the Belle Glade Housing Authority, states that Camp Osceola is well populated with working-class population, and that there is no doubt that full capacity occupancy will be recorded in the coming two weeks.

The rental for the colored camp, Camp Okachobee, is not so favorable, as there are plenty of vacancies there. This camp was never fully occupied last season, but from inquiries made it is expected that new migrants arriving, the record of 1947 is likely to be passed.

Every house needs Westinghouse

Railroads now operate around the clock every day and night of the year.

Although they know this, leaders of 15 rail road unions are demanding a five-day, Monday through Friday, week for one million railroad employees.

They want 48 hours pay for 40 hours work—in itself a 20% wage increase.

They also demand a minimum of 12 hours pay for work performed on-Saturdays and 16 hours pay for work performed on Sundays and holidays.

On top of all this they want an additional increase of 5¢ an hour for every employee!

You'd Pay the Bill!

Summing up these demands, they mean that these union leaders seek to force the railroads to pay for work performed on-Saturdays and 16 hours pay for work performed on Sundays and holidays which would average \$1600 per employee!

The total cost of this would be no less than \$15 billion dollars per year, which is more than twice the expected net income of the railroads this year.

You'd pay the bill, because if these increased costs are passed on the railroads,

they must have still further rate and fare increases.

Demands Unreasonable

These demands have two important sides and they are the two. Their average weekly earnings are higher than the average weekly earnings of workers in manufacturing industry. They have more job security than the average worker in American industry. They have a more complete welfare system and other advantages more numerous than the average worker receives.

In contrast with the demands of these 16 unions, which add up to the equivalent of 48¢ an hour, the Conductors and Trainmen recently settled their wage request for an increase of 10¢

an hour. The leaders of these unions believe that the railroads will not alter the opposition of the railroads to such unreasonable demands!

Strike Threat

On September 30, 1948, the leaders of these 16 unions became tired of the strike. But the threat of a strike will not alter the opposition of the railroads to such unreasonable demands!

On top of all this they want an additional increase of 5¢ an hour for every employee!

You'd pay the bill, because if these increased costs are passed on the railroads,

FOR SALE—New and used planes. Readings. 4-11-42

Flood Conditions Improving In West Glades Sector

Flood conditions in and around the Kissimmee and Lake Okeechobee sections, as far west as the Glades, appear to be improving. The water level seems to have reached their peak. While there is still a large volume of water coming into the lake from the river valley, the water stages are on the decline.

The Army Engineers at Clewiston, owing to lowered waters in the Caloosahatchee River, have recommended a local levee to relieve the lake levels which had gone up and over the 17 foot level.

Much water still remains received from the Canal Point flood and farmers are still expecting to do much farming in that area until after Christmas.

New Practitioners in Town

Robert Noble, a young war veteran, has arrived in Belle Glade from Miami, and has taken a lease on a business site in the Everglades Theater Building, where he will open an office as a Chiropractor.

TOWN HALL

Continued from page 1
Police Department

The new Chief of Police, Mr. Charles H. Goodlett, reports that he is gradually getting his force up to strength, now having seven police on duty, with another soon to be added.

Evidence of the return of law and order in the Glades is shown in the fact that during the past week, nine water meters have been put back into service and five new water service systems have been installed.

For these interested in statistics, it may be of interest to know that during the past week 5,287,000 gallons of water have been used by the people of Belle

Glade. Purifying this water has cost the city \$4,450 per day. The Hydroelectric 2,000 kw. plant, Aluminum Sulphate, 600 lbs. of Activated Carbon and 128 lbs. of Chlorine.

Municipal Court

Judge: Jack O. Johnson, a local attorney, is now the new

city judge and is doing a great job having presided over four sessions of the court, hearing a great deal of interest in weighing all the testimony and facts before passing on same. He shows no sympathy with violators for speeding and reckless driving.

WE'RE CELEBRATING FIFTY YEARS IN THE FLORIDA SUN

OBSERVATIONS
(Continued from Page 1)
idea a careful investigation, some good will come of the same."

As is customary in the early winter season, the Lion Club membership is again on the increase. William Carter, E. M. and Page Choute and Bill Taylor are new recruits to the membership.

BRUUN OVER FLORIDA

by PAUL M. BRUUN

The Judge asked the potential prisoner if he would answer a question submitted by the court. The youth readily agreed. Said the judge, "You are so familiar with legal terminology and court procedure, I wonder if you ever studied law?" "No," answered the prisoner, "but I have been arrested a lot of times."

After hearing this story, I decided that probably the best course open to me, so that I would be familiar with what should be done in the operation of a law office, would be to go to a cancer clinic for a consultation.

For the benefit of those of you who may have followed this column, I have the privilege of being associated with the Dade County Cancer Society which is building a clinic for the people of South Florida. IT IS A SHAMEFUL THING TO REFUSE THAT RIGHT NOW AT THIS TIME. I DON'T WANT TO BE A COLD SOCIETY WHICH IS WHY I DON'T WANT A CANCER DETECTION CLINIC and the wonderful people of Florida WITHOUT the concentrated facilities which a clinic provides, particularly when you know that ONE OUT OF EVERY EIGHT PERSONS who reads this column will DIE OF CANCER.

The Y.M.C.A. Memorial Clinic is the best cancer hospital known, the detection clinic is the Kali Dejew Burung clinic, in the Memorial hospital.

Influence was NECESSARY to get in on short notice and I called one hour before my appointment time, but I made it plain that I didn't want any favors. I wanted to go through with the other patients who had made their appointments months before unless they were on the list for regular exams at six or 12 month intervals.

Three hours are allotted. My case history was taken by a charming lady, whose manner was like a mother's. She asked me if I had any desire to report the fact I was living in Dade County. The next step is to the X-ray department for a picture of the chest.

Then to the cashier. This interested me for I was anxious to know how the fees were collected and how much. Barroto to the medical department for an examination the cashier gave \$10, which covered everything including a "visit."

My next stop was the laboratory, as were most of those who were in the same group with me. I was told to return the next morning. Once again influence was used to conserve my dues.

The treatment for my next visit to Strong clinic began with my holding my nose and pouring cold water over my head down my throat. The treatments were canceled.

Here I contributed \$3. All payments are marked CONTRIBUTIONS, for what is probably the bargain examination of my life.

The medico was a skilled and considerate worker, almost the equal of a doctor. He was a real gentleman. But I am afraid SCAMANZI would have agreed with me. I had to know whether or not the ONE thing in all the world, and THE ONLY thing in all the world of which I am afraid, had found me as a victim.

I thought of all the sleep I had forfeited to get a clinic in Florida, of all the time I had to give up to write checks, and the justification of it all became so very worth while, so realistic. I thought of the joy which would belong to those few enemis of mine who wait for all the world of life, while they travel through life as peaches.

But on the second day, there wasn't positive proof in my favor. Strings were again pulled and an appointment was made for the third day. The next morning, \$25 was donated and a series of pictures taken.

Then the suspense of waiting for the verdict. Again special service was rendered because I was leaving town. And the doctor who told me, NO BLOOD OF CANCER, only a minor operation to be performed. I am waiting to learn if Dr. Tom Jones, nationally known surgeon with the Cleveland clinic in Cleveland, Ohio, can sandwich me in for an operation.

\$38 contributed for a series of expert medical examinations, during which time I learned first hand what goes on in a clinic. During the time of the first exam, I talked with a woman who was getting the same course I was, and mentioned that I was in a cancer clinic. She advised me to take five days of her time, FRIEND, working in the Suran Clinic. She advised if this detection clinic was good enough for others, it was good enough for her. I hope the first clinic in Florida will be operated so well that our volunteer staff members will decide to pass on a place like this.

I am sure that Dr. Jones spoke to Strover's board hence as to whether the could get a leave of absence and help open Florida's first cancer detection clinic.

And just how long is Strover? This thought: When I was given my report, IT WAS GIVEN A DATE FOR NEXT YEAR.

BUT I REALLY EXPECT TO CANCEL THIS APPOINTMENT FOR YOU. SEE, I HAVE EVERY CONFIDENCE THAT FLAITE'S FIRST CANCER CLINIC WILL BE SO WELL OPERATED AND SO EXPERTLY STAFFED THAT I WILL BE ABLE TO GET MY DETECTION EXAMINATIONS IN FLORIDA.

It's a pretty good bet that the Belle Glade Canning Plant will be in operation this coming season, when beans are available, and the plant will be a welcome addition to our midst, as a successfully operated plant means much to this farming community."

Judge A. Hubbell, who is a strict vegetarian in his eating, has now found a new product, which is made from el-

ements from the bottom of the ocean, mixed with chopped California Alfalfa, and then made into a product which the state states that he likes the product and is thriving on it. The writer found one of the "kisses" most palatable.

Within a year's time, two people who were bound for or into Belle Glade, have been in accidents which caused the death, from negligence on the part of the two drivers who failed to observe road traffic regulations. The campaign for better safety driving within the city is a timely one, and may prevent more fatalities.

The Harry Shannon family, who resided in Belle Glade, for several years, where Mr. Shannon was an engineer, are now back in their former home in Waterloo, Iowa. Mrs. Shannon sends a letter renewing her subscription to Description which she claims is the welcome she gets at home, where it is read from cover to cover. She reports coolish weather in Iowa, with furnaces in operation. She states, "We are deeply grateful to have gathered at Waterloo for the State Fair, Cattle and Horse Show, a big event in the tall state. She expressed hope that racing would not be too much damage to the Glades. Waterloo papers carried pictures of the Canal Point and Clewiston conditions.

For a native of Kentucky, Coach Conke, is the present singer of "My Old Kentucky Home" that is on record. Lions heard him attempt the song and gave him the "bird".

G.O.P. party representatives who had the temerity to venture into the precincts of the Everglades to see what brands of opposition, and learned many things about our peninsular state and its people, and Floridians in turn found that these men were human beings of a likeable type.

The group of Congressmen who came to Florida to get a taste of the Everglades, and who must have gone home, deeply impressed that Florida Conservation program, was a needed and worthy one, and that Conservation should be a priority of the Federal agencies, to get protective improvements to lift us out of this annual predicament which often visits us. Truly we are grateful to the delegation, including a big barbecue at Sebring. The air plane view that they got of the Everglades, gave them an idea of the territory which needs government assistance.

Some of these men in the not too far future, over at the canning plant, may be bound one day, fish at the next.

Frog Hunter Fatally Injured

Don E. Willis, of Okeechobee, frog hunting accidentally discharged a gun which he had in his craft, the bullet hitting his right eye. He died later at the Fort Pierce Hospital. Willis was 31, a World War II Veteran, and is survived by his wife and parents. Funeral services were held on Sunday at Okeechobee.

As Chairman Frank Dooley of the Police Department, and Chief of Police Goodlett build up that department, it looks as though the department would again be the best in the state, which prevailed while the late Mayor George Taylor and Chief W. H. Cochran were in charge, but which passed out under the direction of the new chief of office. That movement did not prove any too good a thing for the city. The department is being reorganized on police regulations, police chief, police sergeant, a finger print expert, and the officer force directly responsible to the directions of the Chief. Radio connection with the State Police, Sheriff's office and the State Road Patrol, will be available when the new radio station and equipment for police cars are installed, which will be within the next thirty days. Police Commissioner Dooley is making it plain that the Police Department will not be run simply for the city revenue basis, but for safety of citizens and their property. The city council has become known as one in which law enforcement is lax.

When our recent waterwork distributing system was installed, conditions uncovered have shown that the water is not distributed in the manner it should be. As a 12 inch water main between the two water towers did not go all the way, but was tapered off to six inch main, then to four inch. This lack of efficiency of distribution, storage and pressure called for in specifications. The City Commission took steps to remedy this concerned the water department engineer, Commissioner L. L. Linn and Supt. Throp to go to Tampa to purchase around 300 feet of 12 inch main pipe, with necessary connections. The city will then to the work of installing a full 12 inch line between towers.

Our city fathers recognized that if streets are to be built, others kept in repair, ditches cleaned out, and other city work done, the city needs a bulldozer and grader." Our friend Buster Willis, who now has power equipment, has brought it down a new machine and tested it on some of our street work.

Our city fathers recognized that if streets are to be built, others kept in repair, ditches cleaned out, and other city work done, the city needs a bulldozer and grader." Our friend Buster Willis, who now has power equipment, has brought it down a new machine and tested it on some of our street work.

and it made quite a hit with all who witnessed the type of work it would do.

Merle Smith, who has been in naval training at the San Diego, Cal., Naval Base, took a cross country flight and in due course arrived home to his mother, Mrs. Florence Brown. Junior looked mighty swell in his fine navy uniform, and apparently well kept. He is likewise a trained pilot, and is quite proficient enough, so he wears the insignia of seaman second class. Earl Davis, his buddy, made the same advancement as did Junior, and was sent off with his parents to Dallas, Texas. The boys at the end of their furlough vacation return to San Diego to take up advanced phases of naval training, part of the course.

When Fire Chief L. E. Will began to tell the city father he was a handy man, he was an additional paid fireman who was needed on his staff, he did not have to put on a pressure sales talk, for they stood to gain. He told him to go in the winter, and an added man is going to permit the other fireman to have a little more freedom of action and not be glued so closely to the phone awaiting fire calls.

The Federal biologists who are making tests out on Lake Brandon many black bass. They require a special tag on the ear of the tagged fish to not keep it for eating purposes, but to take the time, location and the number of the tag, and report same to the research station. The history of the particular fish may be recorded, as to their migratory habits.

It is apparent that the present city set up, that recommendations made by any commissioner for his department will receive due attention from the other members. This sort of bonds to make things more harmonious.

Some of these men in the not too far future, over at the canning plant, may be bound one day, fish at the next.

is made by the county commission under the general law. The returns from horse and greyhound racing have been used for the schools, roads and bridges.

Hialeah—the state's oldest and finest racing plant—has been granted a contractor in the \$604,245.30 sum to Palm Beach County taxpayers. Of the \$43,685.87,707 collected since 1932, more than one-fourth—\$14,729,873.60—came from Hialeah. The first contract was shut down two seasons because of the war effort.

From \$9,226.23, Palm Beach County's share has grown to \$100,000, and is reaching the record high of \$98,000 in 1948. The amount was \$90,900 in 1947 and \$83,667 this year.

Besides the sum of \$40,476.35 collected for the counties, racing has contributed since 1942 a total of \$21,455.678 to provide good housing and other necessities of life for Florida's aged needy.

**SOUTH BAY
BEAN CITY
LAKE HARBOR**

The South Bay Bean Terminal Restaurant was reopened for business under new management this week. Clayton S. Waters and Thomas E. Weathers leased the restaurant and have secured Miss Mary McClellan to take over the management.

Mr. and Mrs. L. N. Boyd, Mr. and Mrs. Charles Boyd of Antioch, also have returned for the winter and have taken one of the Summerlin Apartments.

Mr. and Mrs. Andrew Nick have returned to Baltimore, Maryland where Mrs. Nick went through the Johns Hopkins Clinic. They visited Mr. and Mrs. R. L. Smith at Gastonia, N. C. before returning home.

Mr. and Mrs. Harold Hardy and two children have returned to South Bay from Miami and are occupying one of the Summerlin Apartments.

Mr. and Mrs. D. C. Yarborough have moved into the house recently vacated by Mr. and Mrs. R. B. Woodham when they moved into their new home.

Russell G. Fisher announces that he opened the Club Gala for business on October 23. It has been closed during the summer months.

Mrs. C. G. Payne will open William's Department Store in the near future. The stock was sold some weeks ago to Royal's Inc. who have engaged Mrs. Payne as manager.

Mrs. Ellis Blanchard of Tampa visited her mother Mrs. Curia Marlowe from Wednesday to Friday last week.

R. S. Donaldson has returned from vacation visit with relatives and friends at Washington, D. C. and Perpulpolis and Vily, Pennsylvania. Mrs. Donaldson remains in the north planning to leave for a visit with her son, George Mathewson, Idaho before returning home.

V. N. Greer, R. G. Lockmiller and Tommy Townsend left Monday night for Wilmington, N. C. where Mr. Greer is to have charge of a river dredging job for The Standard Dredging Company.

Sam E. Henderlite joined Mrs. Henderson and daughter, Dorothy and Betty Lou at Greenville last week where they are visiting her father, J. W. Spradley.

Mrs. B. A. Oswald was called to Bonifay the first of the week by the illness of her mother, Mrs. Alvin Howell.

Mr. and Mrs. M. E. Cooper returned the last of the week from Panama City where they have been visiting relatives.

Mr. and Mrs. Paul Toussaint and family of Fort Myers were the over night guests of Mrs. Curia Marlowe Saturday.

Mr. and Mrs. W. C. Allen Clifford and Jane Allen are attending the 40 and 8 Convention and also the American Legion Convention in Miami this week. Susie Allen is spending the week with her aunt and uncle, Mr. and Mrs. Floyd Alstein at Fort Pierce.

Mrs. Marvin Miller and their

daughter Sue of Moore Haven visited Mr. and Mrs. A. B. Barnes Saturday. They were accompanied home by Mrs. Verda Higginbotham who remained until Monday.

Joe Hester of Fort Lauderdale visited his mother, Mrs. Minnie Hester Sunday.

Mr. and Mrs. Melvin Herring attended the American Legion Convention in Miami Monday.

Mrs. T. E. Weathers Sr. and two daughters, Billie Ann and Gladie of Preston, Ga., arrived Monday for a visit with Mr. and Mrs. T. E. Weathers Jr. and family.

Hoch Cooper has purchased the Walker Filling Station on Main Street and assumed operation Saturday.

Mr. and Mrs. Wayne Elledge moved to Mrs. Billie Glade Saturday where they took a room in the Edwin Best home.

Mr. Paul Dowell entertained at a surprise birthday dinner honoring his husband Friday night. Mrs. Edna Stumpf and two daughters of Miami, Bobby Billy and Paulette Dowell were also guests at dinner.

Mrs. Roy Hardin and three sons have returned from Lake Alfred where they visited her sister, Mrs. Ethel Tyndall.

Mrs. Jean McDowell and infant daughter, Delia, of Bradbridge, Ga., arrived Friday for a visit with her mother, Mrs. Bessee Cranford and sister, Miss Audrey Cranford.

**Carnival program Adopted
By South Bay P. T. A.**

One of the interesting and colorful features of the annual Hallowe'en Carnival to be staged at the South Bay School on Tuesday, October 24, will be the costume parade in which every one in the community is eligible to take part.

Prizes will be offered to the child having (1) the most original costume, (2) the most colorful costume, (3) the most attractive costume in the various age groups.

Prizes will be given to the boy and girl winners are (1) Preschool children, (2) Primary children in first, second and third grades, (3) elementary school children in fourth, fifth and sixth grades, (4) Junior High children (5) to the one having the most appropriate costume among the high pupils and adults in the parade.

Those in costume who wish to enter the contest will be called at 7:30 for registration and assigned to groups. The parade will start at 8:30 o'clock and from that time on various events, stunts, games and contests will be in progress for you to enjoy.

The grand prize of the evening will be a bicycle given away as a door prize to the lucky person.

**Honor Mrs. R. L. Pipes
With A Stock Shower**

Mrs. Roy L. Pipes was honored with a stock shower at the home of Mr. R. G. Elledge Thursday evening. Mrs. Lalab Frasure and Mrs. Melvin Herring assisted Mrs. Fisher as hostesses.

Prizes were awarded throughout the evening at games with prizes awarded the winners. The many lovely gifts were opened and displayed.

Card punch and coffee were served to the guests. Mrs. J. W. Mathewson, Miss Barbara Jean Fisher, Mrs. C. B. Higginbotham, Mrs. J. C. Summerlin, Mrs. L. D. Denton, Mrs. B. O. Mitchell, Mrs. M. Cooper, Mrs. O. Osgood, Mrs. P. E. Goodbread, Mrs. I. M. Davis, Mrs. Mark Chalchance, Mrs. Floyd Williams, Mrs. J. F. Prentiss, Mrs. J. H. Harris, Mrs. E. E. Dasher, Mrs. Bill Patti, Mrs. Roy Griffin, Mrs. Russell, Mrs. Valton Sheffield, Mrs. G. B. Gross, Mrs. Maude Hartline.

**South Bay Chamber
Changes Meeting Night**

The South Bay Chamber of Commerce met in the school auditorium Friday evening. They decided to meet hereafter on the second and fourth Monday of each month since the Friday evening meeting conflict with the football schedule and many members wish to attend the games. The next meeting will be on November 8.

R. G. Fisher, chairman of the school committee, added the names of R. B. Woodham and Melvin Herring to his committee. Other members are Bob

Roberts, R. R. Roadman, M. J. Hardy, Roy Boots, C. E. Cliche, field, Sam E. Henderson.

**Baptist Pastor and Wife
Give Party For W.M.F.**

Rev. and Mrs. Bill Oswald were hosts at a catered luncheon for members of the Womans Missionary Union and their guests Thursday. Tables were set for sixteen.

The regular missionary program was followed as usual, followed by the luncheon. Mrs. Augusta Best led the devotional on the topic, "Our Intolerance Toward the Jews", with the scripture reading from Paul's Gospel.

A round table reading entitled "An Orthodox Jew" was led by Mrs. E. E. Hardy, program chairman. Guests taking part were Mrs. Maude Hartline, Mrs. Robbie Oswald, Mrs. Edwin Best, Mrs. R. B. Woodham, Mrs. Bryan, Mrs. J. E. Henderson, Mrs. Wayne Elledge, Mrs. L. D. Denton, Mrs. J. C. Summerlin, Mrs. T. E. Weathers, Mrs. A. O. Ward, Mrs. F. W. Mutchler, Mrs. H. A. Williams, Mrs. G. J. Burstrom.

**South Bay Kindergarten
School Located in Denton
Building**

The South Bay Kindergarten is being operated in the Denton Building facing the town park on Tuesday evenings from 6 to 8 p.m. by Miss Myrtle Gilman.

The work got off to a rather slow start owing to the two
